Easter Chocolate Shopping Guide

Easter is the largest chocolate shopping holiday of the year. What’s really going into the chocolate we buy? Mighty Earth’s investigations found that **cocoa is driving deforestation** worldwide, destroying rainforest homes of chimpanzees and other **endangered wildlife**. Some chocolate companies are rising to the challenge of making cocoa sustainable, but others continue to ignore consumer demand for deforestation-free chocolate. This guide breaks down **company commitments**. Of course, commitments are just a first step. Mighty Earth is closely monitoring corporate implementation of these policies and will report on those in the future.
